

## The Glow of the Day:

Due to COVID 19 we all experienced plans and trips that we were excited for get canceled and rescheduled. For me, it was missing seeing Dayglo in concert due to rescheduling dates twice that I couldn't attend. When I heard the news that he would be coming to TAMUCC, I was ecstatic! As my time at TAMUCC as a photographer whether a student or graduate, the Dayglo concert being my last event for the school gave me a sense of accomplishment. I was honored and excited to be covering the concert on behalf of the university and it was another highlight of my time here.
