

TEXAS A&M UNIVERSITY HIGHER EDUCATION CENTER AT MCALLEN

FACT SHEET

OVERVIEW

The Texas A&M University Higher Education Center at McAllen (HECM) began offering programs in 2017 and officially opened its doors in 2018. HECM students satisfy the same admission requirements as students admitted to Texas A&M University.

The HECM continues to grow and provide a world-class educational experience founded on Texas A&M's unique core values and traditions in a supportive college community that embraces the rich culture and spirit of South Texas.
